

September 9, 2022

Union General Hospital and the Union General Rural Health Clinic **does not accept** Aetna Medicare Advantage, Healthy Blue Medicare Advantage (Anthem B/C), United Medicare Advantage, or WellCare Medicare Advantage insurance for **elective** services. We will **ALWAYS** provide treatment for Emergency Services (in our **Emergency Room**), regardless of insurance coverage or ability to pay.

We were unable to negotiate contracts with these companies, and the rates that they pay are lower than our costs to provide services. For our Medicare patients, in order to use Union General Hospital or Union General Rural Health Clinic for **elective** services, you'll need to have coverage under **Traditional Medicare** or through one of the company's plans listed below.

We have agreements in place with the following companies, and **will continue to accept** patients covered under their **Medicare Advantage** plans:

Blue Advantage (LA B/C)

Humana/ChoiceCare

Vantage

Dignity Health Care

People's Health Network

If you have questions about your Medicare plan, or would like to discuss your coverage, please give us a call at (318) 368-9751, and ask to speak with our Business Office Coordinator, or stop by the Business Office between 8:00 AM – 5:00 PM Monday through Friday.

Sincerely,

William Adcock, Administration
